

Dear Kackspace and GEAA,

Thank you for letting me go on the fieldtrip. The part I liked the most was the hike. You guys do an amazing job at takeing care of the aquafe and the enviermant around it.

~ ♡ Bubbles

Dear Rackspace and GEAA,

Thank you for giving us a real close look about the aquifer. I loved that I was able to see the features of the aquifer. I now know that if someone were to build over the Edwards aquifer it would be very dangerous. I will be careful what I use on the lawn and what I flush down the drain

Thank you,
Caleb Limon

Dear Rackspace and
GEAA,

Thank you for having
Mrs. DeLuna present at
our school. Before she
came, I didn't know
that there is a specific
way for water to enter
the aquifer. She has
taught me so much.

Thank you,

Steven
Garcia

7th grade

Dear Rackspace
and GEFAP,

Thank you for having

Mrs. DeLuna teach

us about Edward

Aquifer and what

we can do to

save more water

for the future.

I really like

Mrs. DeLuna, I hope

she can come

again!

Dear BACKSPACE and GEAA,

Thank you for having
MIS. Deluna. I really liked
learning about the aquifer.
I will try to stop wasting
water to make the aquifer
last forever.

Thank you,
- Robert Conde

DEAR Rackspace and GE AA,

I am happy that you sent Mrs. Deluna to our school. We probably had a small chance for not having this happen. I liked learning about the aquifer and seeing pictures of it and the species that live inside. I will use the knowledge I got from Mrs. Deluna by saving water and not polluting the recharge zones.

Thank you,
Ivan Montelongo

Dear Rockspace and GEAA,

Thank you for sending Mrs. DeLuna
to present to our school. I really
liked the pictures of the caves
she put on the slideshow.

Now that I have learned about
the aquifer I want to help protect it.
I will now always pick up my
dog's waste.

Thank you,

Eliana H.

Dear Rack space and GEAA,

Thank you for bringing Mrs.

DeLuna to our school and

Thank you for taking students to the Aquifer. The trip was fun and we learned a lot about the plants, animals and especially about the aquifer. I hope more people try to take care of the aquifer. I am also going to try to find more ways to take care of our aquifer. Thank You ☺

DEAR, Rackspace
AND

GEAA
THANK YOU
MRS. DE LUNA

for comming to ZAMORA
M.Sto present more about
the Aquifers. The animals
you had in the powerpoint
is the thing I liked.
I will tell all my family
to save more water this
will help the edward's
aquifer.

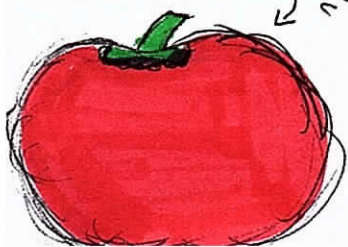

THANK YOU,
CHRISTOPHER
HERNANDEZ

Dear Backpack and GEAA

Thank you for taking your time to educate ~~us~~ about the ~~A~~quifer. I liked how it took a long time ~~was~~ for the aquifer to form. I want to make a difference and help out with the aquifer. Thanks to you Mrs. Deluna

Thank you,

Yemini

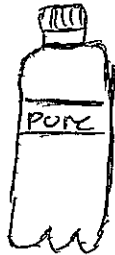

Tomato

Tomatos
are
life!!

Dear Rackspace and GEAA,

Thank you for coming to our school for the presentation. The part I like the most is how we know more than most people in the world. I will use this information to save water.

Thank you,
James
Garcia

Dear RackSpace and GEAA,

Thank You for coming to my school.

I liked the types of organisms, well
the ones who lived in the caves at least.
Especially seeing pictures of them.

I will use what I learned
about aquifers and I will be
aware of the future use of water.

Thank You,

— Marco

Barboza

THANK YOU

MRS. DELUNA!

TO: ROCKSPACE
of
GREAT

Dear, Rackspace

Thank you for letting Mrs. Deluna coming to speak about the Edwards Aquifer. I learned a lot and it was an amazing opportunity. It was really awesome how an aquifer forms.

Sincerely, Emily
Trujillo

Thank You..
for coming to
our classroom!!

RackSpace
and
geaa

difficult to read

Presenter - Mrs. Del Luna

edwards aquiver

.....
my thank you letter

Thank you for
sending Mrs. Del Luna
to our school to
learn about the
edwards aquiver. We
learned so much
about it. Thanks
you so much we
appreciate it.

Dear RackSpace and
GEAA,

Thankii for giving us the
Chance to meet
Mrs. Deluna and for teaching
us some new things we
didn't know. I liked how
Mrs. Deluna had example
for us and we got to
see it.

Thank you,
Marina
Gonzales

Dear RackSpace and GEAA,

Thank you for having
Mrs. DeLuna present.

I really liked learning
about the aquifer.

And now that i have
learned all about the
aquifer. I know now
what can and can
not go down the
drain.

Thank you,
Jamie H.

Dear Rackzoll & GEA,

Thank you for bringing

~~me~~ Mrs. DeLuna to
present to us how
important the aquifer is.

I liked the way she explained
how the Edmonds aquifer works
and how we need to take care
of it. She told us that people
pollute the water that we
drink and that we use. I
really appreciate her presentation.
I'm going to start saving my
water and start cleaning up.

Thank you,
Elizabeth C.

Alejandro Grunzalez

Dear RadSpace and GEAA,

Thanks you for coming and teaching us about aquifers.

My favorite part was when they talked about aquifers and how they worked, and how to help with keeping clean the aquifers.

I will help keep the aquifer clean by doing what they told me.

Dear Rackspace and GEAA

Thank you for coming to our school and presenting the aquifer with us. I really liked that Mrs. DeLuna told us about all the aquifer in Texas and the world. I will use less water when I brush my teeth and I will use clean water.

Thank you,
Roman Gonzalez

Dear Rackspace and GEAA,
Thank YOU SO much for
letting Mrs. Deanna come to
my school. NOW I understand
aquifers more better now.
Now I will try to
save water.

Thank you,
Alexis Garcia

Dear Rockspace and GEAA

Thank you for letting Mrs. Deluna come to our school and teaching us about our aquifer. I will try to make our water better.

Thank you,

Lawson

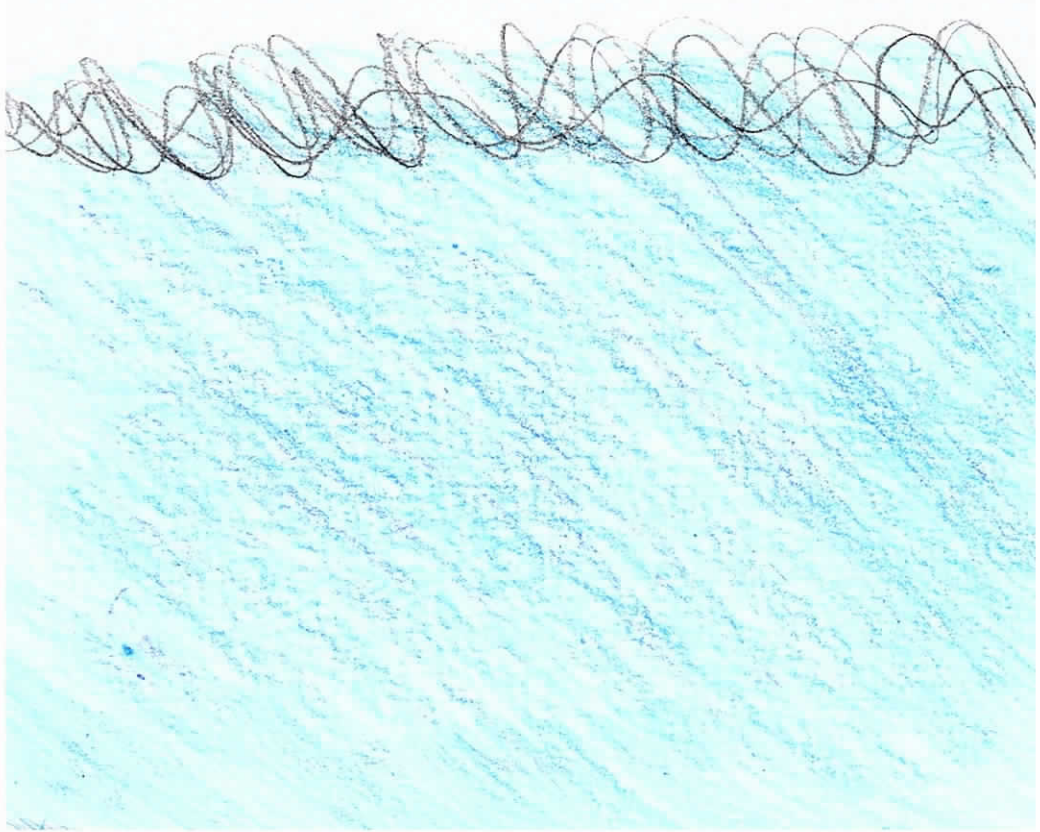

Dear RackSpace and GEAA,

I want to thank you for coming over here to Zamora Middle School and presenting to us about the aquifer. Thanks for ^{letting} Mrs. Deluna come to our school.

Thank you,
Jonas Carlisle.

D

Thank
you 😊

Dear rackspace and GEAA,

Thank you so much for letting Mrs. DeLuna come to our school! I liked seeing all the cool and interesting pictures. I will use less water at home and take care of our aquifer!

Thank you,
Lauren G.

Dear RACHSPACE and JCAA,

Thank you for having Mrs. Deluna
come and teach us about our
culture

F. M. HELOS LOPEZ

Dear Rackspace and GEMMA,

Thank you Mrs. DeLuna
for teaching us more
about the aquifer. It
was fun to learn
more.

Thank you,

Margaret

Matg

Hand-drawn wavy lines and a small house-like shape.Hand-drawn dotted lines.

Dear Rick Stone and GFAA

Thank you
for sending MS. Delun
here to Zemer in middro

It really appears

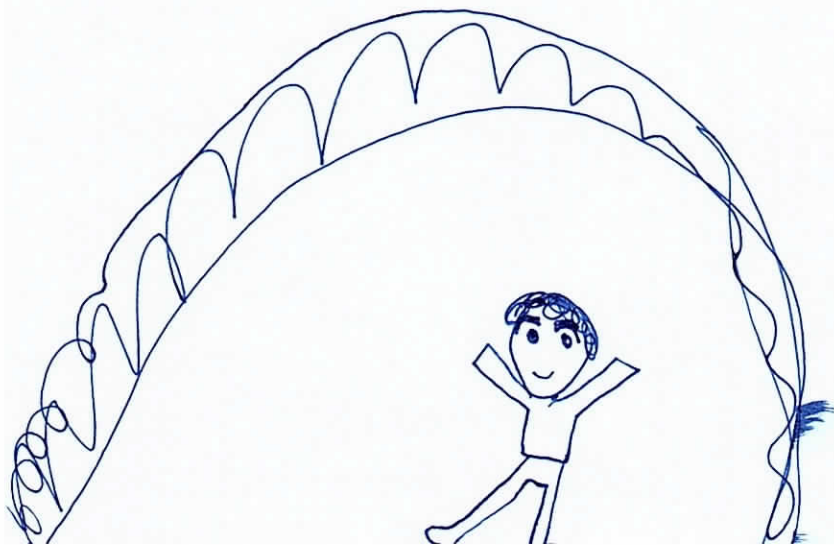

From

Abraham

Maciser

Dear Hackspace and GEAA,
Thankyou for coming to our
School to teach us. I liked when
you poured the acid on the
rock. ~~It~~ In the future ill
conserve water and not
pollute

Thank you,
Nicholas Canales

Dear Rackspace and GEAA,

Thank you for having Mrs. DeLuna come to our class to teach us about the Edward's Aquifer. I really enjoyed having her teach us about the aquifer. Now I know what to 'do' to keep our aquifer clean.

Thank you,

Mia Ybarra

TO: Rackspace and GEAA

Thank You For coming and spending your time to help us learn about the aquifer.

I learned a lot from your presentation. Hopefully another day you could come back and teach us something new.

From :

J'senya
Ruiz

Dear Rack space and GEAA,

First of all thank you for giving time
from your life to tell us of aquifers.

Mrs. Deluna is a very kind and nice
Person. Also very patient and calmed
to explain. Thank you because in our
home My family and I have come up with a
System to save money and nature.

Thank you,
Gaston Balgallej

Dear Backspace and GEAA,

Thank you so much for letting Mrs. DeLuna come to our school to teach us about the aquifer.

What I liked most about Mrs. DeLuna's presentation was the pictures of how it was to be in the Edwards aquifer. I will use my knowledge and be more carefull of what I flush down my toilet, what fertilizer or pesticides I use on my lawn, and what I throw away.

Thank you,
Dylan Howard

Dear Rackspace and GEAA,

Thank you for teaching us about the Edwards's aquifer, I learned a lot about aquifers.

Thank you for sending Mrs. Deluna to our school and teaching about what we need to know about aquifers. I will use all my knowledge for something positive.

Thank you,

Aidan Monroe

Waters everywhere.

Dear Rockspace and GEAA,

Thank you for
having Mrs. DeLuna
from the Edward's
Aquifer come and teach
us a little about aquifers.
Now I know how to
watch how I use water.

Thank you,
Lia Sontillon
and ZMS Students

Dear Rackspace and GEAA,

Thank you for having

Mrs. DeLuna come to our class and teach us more about the Edward's Aquifer and how to preserve water. I really enjoyed learning about the different ways to preserve water. Now I can help preserve the Edward's Aquifer.

Sincerely,

VANESSA

Dear Backpack & GEAA

Thank you for letting Mrs deluna
coming to our School and
I'll make sure to respect my
water and watch were I put
my trash

Sincerely Jacob
Dewitt

Dear Rockspace and GEAA,

Thank you so much
for letting Mrs. De Luna
come and teach us about
their Aquifer.

What I learned about
the aquifer. I'm
going to be aware
of my use of water,
and use less of what
I usually used before.

Thank you,
Ashley Sepulveda

Use
water
wisely

Take
care of
water.

Dear Rackspace and GEAA,

Thank you for the opportunity to learn more about aquifers from Ms. DeLuna. What I really liked most was the beautiful pictures of the caves she showed us. Now that I see how amazing they looked, I want to maybe visit ~~on~~ the caves and see the water. Thank you,
Breanna

Dear Backspace and GEAA,

Thank you for having
Mrs. Deluna come present
at our class. My favorite
part was the albino animals
and I will now use water
less to help keep the water
level high.

Thank you
Rebekah
M.

To: Rock

Thank you Mrs. DeLuna's
boss for allowing Mrs. DeLuna
come to our school and letting
her teach us something about
the aquifer.

Thank you for
the presentation.
Also for the field
trip ~~it~~ it was

so much fun.

I hope I will have
a chance to go again.

It was so

much fun!!!

From Luis

4 teaching

US

about

the

Aquifer

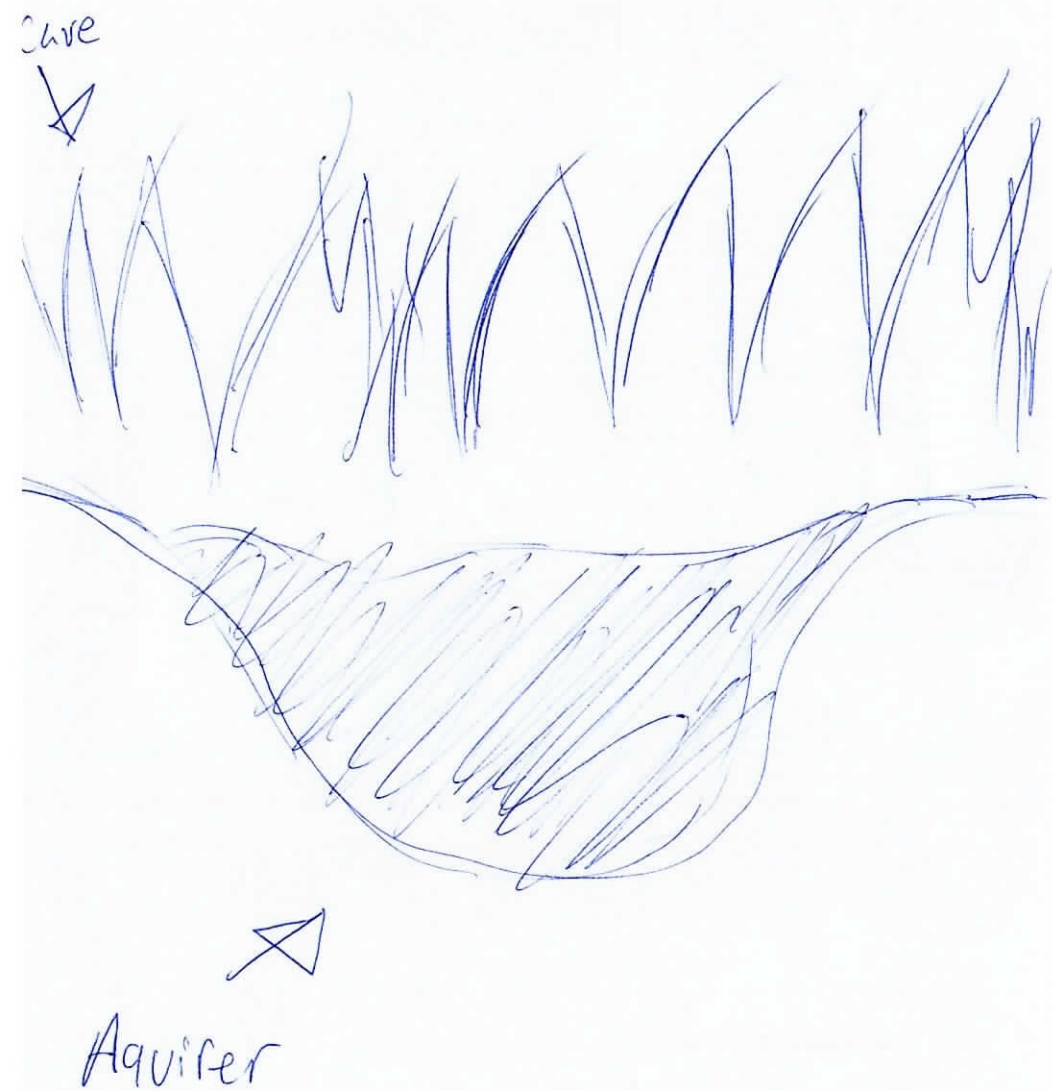

by LIAS

We were really grateful
for having our presenter

Mrs. De Luna. For teaching
us about the Aquifer. And how
to save ~~our~~ our water. She

also taught us about caves.

Where water flows to the
aquifer. It was really interesting.

I was so excited
when you came. I love
water in general. I
shall think twice when
I flush toilet paper down
the toilet. EWW! 

Have a good day!!!!

To: Rackspace and GEAA

Presenter: Mrs. Deluna

Edwards Aquifer

Thank you for the great presentation I can't wait to tell my family what I learned.

From: Gabriel Vicencio

To: Rackspace
and
GEAA

Presenter: Mrs. DeLuna
Edwards Aquifer

Thank you for letting Mrs. DeLuna
come to our school and letting us
learn more about the Edwards Aquifer.
Also thank you for giving us the
opportunity to go on a field trip
to Government Canyon.

From: Jordan Ortiz

To = Backspace and GEAA

Presenter = Mrs. DELUNA

Thank Mrs. DELUNA for funding us a field trip to Government Canyon, and also thank you for coming to present for us more things we didn't know about ~~A~~ Aquifers.

From, Christopher Hernandez

To: Mrs. Deluna / rack space and CREAA

I would like to just say
thank for everything.

From: A student ~~student~~ from ZMS ☺
