

Dear GEAA members and friends,

We are delighted that the United Nations has designated this [day to celebrate water](#) – something that we do every day here at the GEAA office. Folks from around the world are joining in with [a toast to water](#).

We ask that you consider celebrating in a uniquely local way by renewing your GEAA membership. You might have already received your membership renewal letter in the mail. If not, look for it in this week's mail as we have some great news. In recognition of our many recent successes, the S/M Hixon Family Foundation has an especially generous offer – they will match all donations dollar for dollar. And, they have pledged to match donations over \$200 with two dollars for each of yours!

Please, don't let this opportunity pass. If you are not yet a member, please [join GEAA today](#). You will be joining hundreds of wonderful folks who care deeply about preserving our water resources and the beautiful Texas Hill Country.

I hope to hear from all of you soon. Have a wonderful weekend!

Annalisa Peace  
Executive Director  
[Greater Edwards Aquifer Alliance](#)
