

Dear GEAA member group leaders,

I wanted to let you know that my last day as GEAA's Special Projects Coordinator will be this Friday, September 24th. After a great deal of thought, I have accepted a position with Big Brothers Big Sisters, an organization that has been dear to me for quite a few years. I am excited about this new position and the greater professional responsibilities that it comes with, but I am of course saddened to leave the Aquifer Alliance staff.

I have truly loved working with each of you, and I so admire the ways that you lead your communities in protecting our most precious natural resources. Thank you for the many ways that you have helped me grow professionally and personally over the past two years. I could not have asked for a better first job out of college. I am so grateful for the generous encouragement and trust that I received from you – I know that I have been incredibly fortunate.

I wish each of GEAA's member groups all the best and look forward to remaining an engaged member and volunteer in the years to come. If you would ever like to get in touch with me after this Friday, please don't hesitate to call or email:

Elena Serna
