

Dear GEAA Members and Friends,

Helping to support the aquifer and the mission of GEAA just got really delicious. Eat Pizza to Save the Aquifer! [California Pizza Kitchen](#) is sponsoring great food for a great cause. Now giving back is as easy as enjoying a meal with your family and friends.

Tomorrow, **July 13th** the [Alamo Quarry location](#) of California Pizza Kitchen will donate **20% of all its proceeds** from take-out, catering, dine-in, and alcohol sales to the [Greater Edwards Aquifer Alliance](#)

Please forward this email to all of your contacts--help us spread the word. Giving back has never been so simple--enjoy a delicious strawberry mojito made with fresh strawberry, lime, and mint or a slice of key lime pie made from real Florida limes, all with the proceeds directly benefitting GEAA. Not to mention a great selection of pizzas, pastas, and salads.

All you have to do is **print out [this flyer](#)** and bring it in with you anytime between **11:00 a.m. and 10:00 p.m. on July 13th**. Just tell your server that you are there for the GEAA fundraiser and give them your copy of the flyer. Without the flyer, we won't get your donation.

There is **no limit** on the amount that California Pizza Kitchen will donate to support our cause, so **pass this flyer on to everyone you know**. The more people who take advantage of this opportunity, the more GEAA can do to sustain and preserve the water, wildlife, scenic beauty, and cultural heritage of the Texas Hill Country.

As always thank you for your continued support,

Annalisa Peace

Executive Director

[The Greater Edwards Aquifer Alliance](#)
