Texas Commission on Environmental Quality  
Office of the Chief Clerk  
MC-105  
P.O. Box 13087  
Austin, Texas 78711-3087

I am writing in reference to permit # WQ0015688001 addressing the Silesia Properties, LP, application of intent to obtain a water quality permit from TCEQ in Comal County, Texas.

I am formally requesting a public meeting be held on this application and intent to obtain a water quality permit submitted by Silesia Properties, LP, so the residents in this area can voice their concerns and ask questions to TCEQ about this permit.

I am asking that TCEQ go strictly by its rules and regulations in considering this permit application. If this permit is granted by TCEQ, Silesia Properties, LP, should be held to the highest standards including the constructing of, the daily operating of, and all reporting requirements that are required of this wastewater treatment facility and the discharge from the facility. All required inspections must be done by TCEQ in the strictest fashion to closely monitor the daily operation of the facility and the water quality of the discharge from the facility to assure these items meet or exceed all TCEQ set standards.

Respectfully submitted,

Scott Haag  
Comal County Commissioner Pet #2
