With success of electing our Executive Board, our enthusiastic Board immediately compared calendars and will be meeting on Wednesday, May 2, 2018 at 2:00pm at #Tye Preston Library# -all are welcome to attend.

A General Meeting is scheduled for Thursday, May 17, 2:00-4:00 , #McKenna# . For future meetings, we are working on obtaining a free location to meet later in the day which will accommodate a group of 20-35 people.

It is pertinent that persons who attended past meetings continue to join us as we continue to strengthen our alliance. By all means, invite anyone to our meetings who is interested in advocating for land, water, and wildlife conservation in Comal county.
