

Dear GEAA members and friends,

Many of you are aware that GEAA and our members have stopped several bad projects over the years by contesting TCEQ permits.

If [HB 1865](#) / [SB 709](#), [HB 1113](#) / [SB 941](#), and [HB 1247](#) pass into law this session, Texans will no longer have any way to stop projects, such as sewage treatment and waste disposal operations, that would negatively affect our use and enjoyment of our property.

If you live outside of a city, this may be the only way you have to stop a project. For more detailed information on these bills, [click here](#) or scroll down.
