

Dear GEAA members and friends,

Due to a conflict with National Neighborhood Night Out on October 1st, the meeting has been changed to Monday, October 7th. Same time, same place.

I have arranged for us to meet to discuss the next steps we must take to contest the permit to discharge wastewater into Honey Creek.

When: Monday, October 7, 2019

6:00 p.m. to 7:30 p.m.

**Where: Mammen Family Public Library, 131 Bulverde Crossing,
Bulverde, TX 78163**

The draft agenda will include:

- Obtaining legal representation
- Fundraising for legal representation
- Organizing for the cause
 - Create a Save Honey Creek committee?

(Please send additional agenda items to me at Annalisa@AquiferAlliance.org)

At this time, I have nothing to report except that we have a great start on fundraising. **A generous anonymous donor has pledged to match all donations of \$100 or more – up to \$15,000.** (Yea!) If we meet this pledge to match funds, we will have \$30,000 - a good beginning for a fighting chance.

For those of us interested in protecting Honey Creek, it is time to get organized. As previously noted, the discharge point is upstream of Honey Creek State Natural Area and Guadalupe State Park. There was so much great testimony at the TCEQ public meeting objecting to direct discharge of sewage effluent into Honey Creek due to the high potential of negative impacts to this crystal clear water. You can see some of the comments

posted under Honey Creek on [GEAA's waste water page](#). And, you can like our [Save Honey Creek FaceBook page](#) to check for updates and add to the discussion.

I apologize for the inconvenience and I look forward to seeing all of you on October 7th.

Annalisa Peace

Executive Director
