Ms. Bridget Bohac, Chief Clerk
Texas Commission on Environmental Quality
Office of the Chief Clerk, MC-105
P.O. Box 13087
Austin, Texas 78711-3087

Dear Ms. Bohac,

The purpose of my letter is to request a public meeting for the TCEQ draft TLAP wastewater permit WQ001583500 for Silesia Properties LP. I have been reminded by the constituents of State House District 73 that they want to ensure the public is afforded ample time to review and comment on TCEQ wastewater permits. In addition, they are concerned that the TCEQ wastewater permit process needs to be more efficient in allowing some of the permitting processes to occur at the same time while allowing for ample public participation.

In keeping with these concerns, I am requesting that the TCEQ consider issuing both the notice for public comment on the draft permit and the notice for a public meeting at the same time. These two public notices issued at the same time and the original public notice on the wastewater application will allow the public extensive opportunities to closely review the key documents and prepare and submit their comments.

Thank you for considering this option. Moreover, I sincerely appreciate the positive efforts of Mr. David Galindo, Mr. Mark Palmie, other TCEQ Water Quality team members, and additional TCEQ support staff working on wastewater permits for state District 73.

Respectfully,

A handwritten signature in black ink, reading "Kyle Biedermann", is positioned above the printed name.
