

Email Austin City Council and the Travis County Commissioners to let them know how you feel about the massive Violet Crown Amphitheater development, planned for 2022 construction at the edge of the Barton Creek Habitat Preserve in West Austin!

This proposed development threatens nearby Barton Creek as well as the 4000-acre adjacent nature preserve, with a 20,000-seat amphitheater planned along with two high-story apartment buildings, 3 nightclubs, a restaurant, a Topgolf-style driving range, a whiskey distillery, and a private pool club.

Sample Email:

I recently heard about the massive Violet Crown Amphitheater proposed development and I would like to formally object to this proposed development, due to environmental concerns. Please vote NO on Violet Crown Amphitheater.
