Comments from the Greater Edwards Aquifer Alliance regarding Guadalupe Readymix Variance

Honorable Mayor Erickson and Members of City Council,

These comments are submitted on behalf of the fifty-six member organizations of the Greater Edwards Aquifer Alliance.

We support any efforts on your part on behalf of the citizens of Garden Ridge who will be adversely affected by operations of the Guadalupe Readymix facility, including denial of the requested variance and special use permit and, full enforcement of the City's 2018 zoning ordinance.

We further urge you to address shortcomings in the Air Quality permitting process as administered by the Texas Commission for Environmental Quality - including insufficient protections from particulate matter and failure to adequately assess cumulative impacts when issuing permits - by participating in the Sunset Review process for this agency. Legislators of the House Committee on Environmental Regulations and the Senate Committee on Natural Resources and Economic Development are currently accepting comments regarding reforms to TCEQ in HB 1505 and SB 1397 respectively.

Thank you for the opportunity to submit these comments. Please consider our organization as a resource that is at your disposal.

Annalisa Peace
Executive Director
Greater Edwards Aquifer Alliance
