To the City of Garden Ridge, Texas:

We submit this letter on behalf of the sixty-two member groups of the Greater Edwards Aquifer Alliance (GEAA), a nonprofit dedicated to effective broad-based advocacy across a 21-county region in Central and South Texas for the protection and preservation of the Edwards and Trinity aquifers, their springs, watersheds, the Hill Country land that sustains them, and sustaining flows to the Gulf Coast bays and estuaries.

Quarries are vital to the state's economy and to the development and maintenance of Texas infrastructure. They also represent a unique opportunity to conserve and protect Trinity and Edwards aquifer water. An Advisory Council can foster open communications, facilitate the development of appropriate best management practices, and promote responsible development.

We encourage you to support the proposed establishment of an Aggregate Production Operations Advisory Council in the City of Garden Ridge, Texas. Please view the Greater Edwards Aquifer Alliance as a resource for the city and for the proposed Advisory Council; we are happy to assist where we are able.

Respectfully,

Annalisa Peace  
Executive Director  
Greater Edwards Aquifer Alliance
